INTRODUCTION

All of the vital records transcribed in Volume Two of *Middleborough, Massachusetts, Vital Records* (with the exception of pages 1-7 -- see page 307, Errata and Addenda) are transcribed from microfilm copies of the original records held by the Town Clerk of Middleborough. Transcriptions were then proofread against the original record books at the town hall.

Transcriptions were made in as literal a manner as possible, exactly as the entries appear in the records (note exception below). Because of the difficulty of transcribing handwritten material to typeset material, and the number of transcribers necessary to a project of this size, there may be some discrepancies regarding punctuation or spelling of names.

The records transcribed in volumes One and Two of *Middleborough, Massachusetts, Vital Records* constitute all records available on the microfilms of town records in the possession of the Massachusetts Society of Mayflower Descendants. Vital records for Middleborough (and all Massachusetts towns) 1841-1895 are available on microfilm (with 5-year state-wide indexes) at the Massachusetts State Archives, Archives Division, 220 Morrissey Boulevard, Boston, Massachusetts 02125 and at the New England Historic Genealogical Society, 101 Newbury Street, Boston, Massachusetts 02116 (periodic transfers of records after 1895 from the Massachusetts Bureau of Vital Records and Statistics to the Massachusetts State Archives are scheduled.) For births between 1838 and 1841 and deaths between 1836 and 1841, the only available source is the Town Clerk of Middleborough.

Marriage Intentions

To conserve space, entries of marriage intentions have been abstracted, eliminating repetitive material such as "I Published a purpose of marriage between...." Each marriage intention entry includes the date of intention and the names and residence (if given) of both the bride and groom.
